

British Values

5th February 2020

Rule of Law

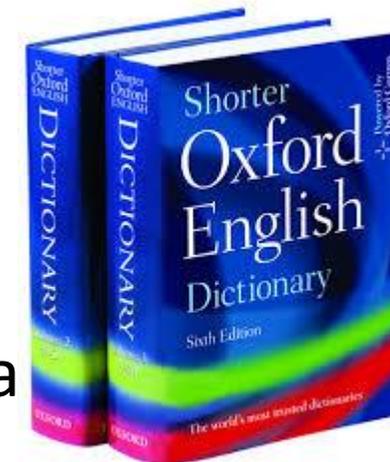

There will be times when governments or other organisations will put restrictions or things in place to protect us from the spreading of diseases.

Picture
News

3rd-9th February
**Who should decide
what's best for our
health?**

This Week's Useful Vocabulary

- **Microscope** – a scientific instrument which makes very small things look bigger so more detail can be seen.
- **Outbreak** – when something suddenly occurs that is unwelcome such as disease or war.
- **Quarantine** – when people or animals are kept separately/in isolation usually because they have a disease.
- **Required** – a rule, it is compulsory.
- **Respiratory** – relating to breathing.
- **Virus** – a kind of germ that can cause disease.

Healthy

What does
healthy mean to
you?

KS2- World Health Organisation (WHO)

Have you heard of the World Health Organisation (WHO).
What do you think they might do?

Protected
Together

#VACCINESWORK

KS2- World Health Organisation (WHO)

They want better health for everyone,
everywhere.

Do you think this is possible for the world
to work together to achieve this?

KS2- World Health Organisation (WHO)

WHO – World Health Organisation Better health for everyone, everywhere.

WHO's Goal - To ensure that a billion more people have universal health coverage; - To protect a billion more people from health emergencies; - To provide a further billion people with better health and well-being.

WHO was formed on 7th April 1948. This is a date now celebrated every year as World Health Day.

WHO now have more than 7000 people working from more than 150 countries working in 150 country offices. They have six regional offices. These are as follows:

- Regional Office for Africa
- Regional Office for Americas
- Regional Office for South-East Asia
 - Regional Office for Europe
- Regional Office for the Eastern Mediterranean
- Regional Office for the Western Pacific

Do you think WHO is a valuable organisation?

OUR MISSION: PROMOTE HEALTH. KEEP THE WORLD SAFE. SERVE THE VULNERABLE

KS2- World Health Organisation (WHO) Definition of health

Health is a state
of complete physical,
mental, and social
well-being and
not merely the
absence of disease
or infirmity.

Follow Up- KS2

- What do the words physical, mental and social mean?

Do you think what might help one person's physical, mental or social health will always be the same as someone else's?

Create a 'Healthy Me' booklet. Include:

- A title and cover page
- A definition of health
- Ways you look after yourself physically, mentally and socially
- Use underlining, diagrams, bullet points and other organisational features

Reflection

The World Health Organisation has values and goals, as do many people. WHO are there to help everyone, everywhere be healthy, keep the world safe from illness and disease and protect the vulnerable.
