

19<sup>th</sup> June 2020 (35)

Dear Parents and Carers,

I hope you and your family are keeping safe and well.

Myself and the Senior Leadership Team had a meeting with the Governors on Wednesday and discussed ideas that we have for the end of term and September. We are currently waiting on the Government announcement to see what we can do next.

We are still very unsure what schools will look like in September, so the staff and I will be writing and putting into place three plans: a plan if schools come back 2 metres, another plan if schools come back 1 metre and the final plan will be for schools returning normally. I hope next week to be able to share some of our ideas with you, and all our ideas about transition.

### **Congratulations**

On 3<sup>rd</sup> June Mrs Ocran gave birth to her two baby boys. They all had to stay in hospital for a few days, but both mum and the children are at home and doing well. I am sure you will all want to join me in wishing them lots of love and happiness in the years ahead.

### **Key Worker Bubble**

Our final key worker bubble is now full, which will open on Wednesday 1<sup>st</sup> July. If you have put your name on the waiting list for a key worker place, then the office will email you next week and let you have all the information you need.

I know that these are very uncertain times and nobody really knows what is happening within the education system and what schools will look like in the future. I would like all families to know that all the staff care about every child and we hope that positive changes will be coming soon.

Take care and stay safe.

Best wishes

Samantha Williams  
Headteacher

### Year 6 Gardening fun

This week some of the children in the year 6 bubbles helped with watering the new trees that were planted 18 months ago. They had to problem solve and work as a team to get the water from the source to the trees. They were given a hose, guttering and containers to collect water in and had access to the forest school tyres. With

excellent communication skills and team work they mastered the task that was set and had lots of fun! Well done Year 6 the trees and I are very thankful!

Next week the other year 6 bubble will be helping.

(Anna the Gardener)
