Find the “**KS2 Maths SATs Organiser**” on the school website. Choose a specific topic to target a weakness or a past paper for mixed revision. All files can be printed out or streamed

HIT the Youtube button if you get stuck and watch the video explanation. Pause, rewind and watch again as many times as you like!

The revision schedule is designed to refresh memories on topics that may have been studied several weeks or months ago and to aid children with their exam technique. Please watch the videos with your child if possible.
