

Project-Based Enrichment for 2020-2021

**LAUNCHING ON
13TH MAY 2020 AT 3PM**

Enfield Music Service is launching two exciting projects with Beat Goes On for the next academic year.

Ollie Tunmer will introduce the projects with Pie Corbett, including an opportunity to try some body percussion together via Skype Meetings.

2 x half day
workshops with free
CPD session = £245
(match funded
by EMS)

Enfield Music Service Funded

For schools who sign up to the project, EMS will fund the cost of CPD for all Music Leads in your school.

EMS will also fund half the cost of the workshops for your school and you can use your EMS Arts Council grant funding for the other half.

To launch the project, EMS is also funding exclusive daily 10 minute body percussion sessions for Enfield primary pupils for 4 weeks during school closures – more details coming soon!

KEY STAGE 1 Junk Percussion

Create cross-curricular links between science and music by exploring sound & materials as children create their own instruments and learn a range of rhythms from samba to hip-hop to drum'n'bass.

KEY STAGE 2 Body Percussion with Literacy workshops

These workshops in conjunction with Pie Corbett are a fun, creative approach to literacy.

This kinaesthetic method allows children to gain both literacy & musical skills by exploring rhythmic elements of text then using body percussion to develop creative ideas focusing on the pulse, flow and emotion of words.
