

**15.6.2020**

**Reception Home Timetable**

<b><u>w/b 15.6.20</u></b>		<b>Theme: Superheroes (link to <i>Supertato</i> by Sue Hendra and Paul Linnet). (1)</b> (Some of these ideas have been adapted from the White Rose Maths home learning for EYFS)	
<b><u>Subject</u></b>	<b><u>Time</u></b>	<b><u>Activity</u></b>	<b><u>Tick once completed</u></b>
Reading	10 mins daily.	<b>Read</b> your books and complete your reading record. Refer to the Oxford Owl link for a wide range of books for different abilities.	
Reading	20 mins daily	Please continue to read books and favourite stories with your families at home. This week we will be looking closely at <b><i>Supertato</i></b> by Sue Hendra and Paul Linnet. You will enjoy listening to it being read by Miss Jones on Tapestry. Have lots of discussions around the book, focusing carefully this week on the <b>characters</b> . Who is the main character? Who is good? Who is bad? Who did you like best and why? Think about other characters in stories you have read such as Jack from Jack in the Beanstalk or Cinderella. Who is your favourite character and why?	
Phonics	10 mins daily	After accessing the <b>phonics</b> lessons that have been set for you on our Facebook Phonics (Facebook Group Name: Eversley Primary School Reception 2020) page Monday and Thursday at 10am, revise the sounds that have been taught. Continue to practice forming letters and sounds correctly according to the rhymes learned and listen out for the daily challenges set for that sound!  <b><u>Extra challenges:</u></b> Guess the Super veggies! Why not ask a grown up to put some vegetables in a bag and you put your hand in and without looking, describe to a grown up what you can feel in order for them to guess the vegetable. E.g. hard or soft, rough or smooth, round or long. When you have had fun with this, you could write some clues for people to 'Guess the Veggie' e.g it is smooth and shiny, it is very light, it is purple. It is an aubergine! Perhaps you could write some clues for your teachers to work out what the vegetable is.  Maybe you could make up your own Super hero vegetable. After you have drawn a picture of your superhero give them a name, Super Freeze or Captain Kindness perhaps. You

Reception Home Timetable

		<p>could then write a sentence describing his/her super veggie powers such as Super Smiley who has the power to help people and cheer them up with his super smile! We hope that you have lots of fun using your imaginations with this.</p> <p>As well as Miss Cookson's phonics session (Explained above), <b>Read Write Inc (RWI)</b> are offering daily phonics lessons on You Tube. These are split into different ability groups to cater for the varying needs of the children. The first sounds are set 1 (individual sounds, s, m, a, d, etc) and the others are set 2 (which Miss Cookson is also teaching each Monday and Thursday). Set 3 are for Year One pupils, therefore, please do not access these as this could confuse the children. The videos remain on the website for 24 hours if you would like to log on and watch/take part at different points in the day.</p> <ul style="list-style-type: none"><li>➤ Daily phonics set 1 : 9.30am Monday-Friday</li><li>➤ Daily phonics set 2: 10.00am Monday-Friday</li></ul> <p>The link for the RWI You tube Channel where the lessons appear is: <a href="https://www.youtube.com/channel/UCo7fbLgY2oA_cFCIq9GdxtQ">https://www.youtube.com/channel/UCo7fbLgY2oA_cFCIq9GdxtQ</a> You will need to subscribe to view.</p>	
Mathematics	10 mins daily	<p><b>Estimating</b> – Remember that an estimate is a sensible guess. There were lots of cakes in the picture of the Pea chasing Supertato, I wonder if you looked at the picture could you estimate (have a sensible guess) at how many cakes there are without counting? I wonder, would 2 be a sensible guess or 50? How can you work out what a good estimate would be? This week, you could use very small salad potatoes, taking a large handful before you count, estimate how many potatoes there are. Record your estimate and then count and see if you are correct. If not, how many <b>more</b> were there or how many <b>less</b>. If you don't have potatoes, you could use marbles, counters, cotton balls, pencils or small toys.</p> <p>You could then estimate how many small potatoes will fit into a container, a jar, a large yogurt pot or bowl? Estimate first and then count and record the number. How close were you? How many more were there? How many less?</p> <p><b>Comparing weight</b>–Why not take three potatoes and explore and compare them by weight, using mathematical language, heavy, heavier, heaviest or light, lighter, lightest. You might like to have a wider selection of potatoes and explore how many small potatoes weigh the same as one heavy one.</p>	

**15.6.2020**

**Reception Home Timetable**

		You could further develop this by weighing and comparing other vegetables. An aubergine is a big vegetable but is it as heavy as a small potato? What about broccoli or a pepper?	
Physical Education	30 mins daily	As we are thinking about Supertato and Superheroes why not make up a dance using different superhero movements? This week, explore moving like a superhero and think of as many different ways of travel e.g fly, swoop, leap, jump, dive, creep run, march etc. Practise these different moves and adapt and improve them so that next week you can sequence them and put your dance to music.	
Personal, Social and emotional development	30 mins daily	Hide and seek with Supertato! Why not ask a member of your family to hide a potato and you take turns to play Hide and Seek to find it!	
Understanding the world	20 mins daily	<p>As you know a superhero is someone who does lots of good things and helps others. At the moment, we can see lots of superheroes all around us; we made rainbows to put in the windows and we clap for the NHS on a Thursday as a thank you to all the people who help to care for us. There are many other superheroes (people who help us) such as delivery people, police officers, doctors, nurses, shopkeepers, paramedics, fire fighters, postal workers and many many more who we are grateful for. Perhaps you could think about a real life superhero and draw a picture of them, or do some research about what they do.</p> <p>There are people close to us who are our superheroes too such as our mums and dads (and other members of our family who we may not see at the moment) who care about us and look after us. You may want to think about your family, perhaps create a family tree and then write about or draw a picture of a special time or celebration that you have shared with your family. Alternatively, you could write a sentence or draw a picture of someone who you think is your superhero, perhaps your mummy or daddy have been helping you with your home learning or your brother or sister have taught you to do something new? We would love to hear about it.</p>	

15.6.2020

Reception Home Timetable

		<p>Also, don't forget, it is Father's Day on Sunday. Perhaps your daddy, grandad or uncle is your Superhero? You could make a special card to celebrate this occasion and write about a special time that you shared with him.</p>	
Expressive arts and design	½ hour per day	<p>Why not make your own Supertato? You could use a large potato and make a black mask, find some red paper for a cloak or use some shiny foil to make superhero belt?</p> <p>You could even make some superhero vegetables and then make a puppet show using your creations.</p> <p>Perhaps you could use a paper plate to make an Evil Pea? What colour do you think you will need? Could you make that colour by mixing two others?</p> <p>We hope that you have fun with this theme! Don't forget to share your learning with us on Tapestry as your teachers love to celebrate all of the fantastic work that you are doing.</p>	
Useful Websites and resources		<p><b>We will add to this list where necessary, but have retained all of the previous links for ease of reference.</b></p> <ul style="list-style-type: none"><li>➤ <a href="http://www.phonicsplay.com">www.phonicsplay.com</a></li><li>➤ <a href="http://www.busythings.co.uk">www.busythings.co.uk</a> (please note that this resource states clearly on its website that after the first month rolling subscription charges will apply.)</li><li>➤ <a href="http://www.twinkl.com">www.twinkl.com</a> (for printable resources)</li><li>➤ <a href="http://www.gonoodle.com">www.gonoodle.com</a></li><li>➤ Boogie Beebies: <a href="https://www.bbc.co.uk/programmes/b006mvsc">https://www.bbc.co.uk/programmes/b006mvsc</a></li><li>➤ Joe Wicks PE (The Body Coach): <a href="https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ">https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ</a> (9.00am daily)</li><li>➤ <a href="https://www.oxfordowl.co.uk">https://www.oxfordowl.co.uk</a> (this website has ebooks for all ages and abilities.
