

# Languages - French

At Eversley Primary School we provide a high-quality language education which fosters pupils' curiosity and deepens their understanding of the world. We enable pupils to express their ideas and thoughts in French and to understand and respond to its speakers, both in speech and in writing. We also provide opportunities for them to communicate for practical purposes, learn new ways of thinking and read great literature in the original language.

Our aim is for all children to leave Eversley Primary School with a solid foundation for learning further languages, equipping pupils to study and work in other countries.

## French Curriculum Map
