

Dear Enfield Council,

We are writing to convince you that we would like you to build a zebra crossing by our school, Eversley Primary School.

Although there is a zebra crossing on Chaseville Park Road, people who live on Eversley Park Road and neighbouring streets may find it challenging to cross the road in the mornings since it could get busy. This road could be dangerous for the pedestrians that walk here. The cars can be going quite fast and this can be a serious problem for the pupils.

However, if we have a zebra crossing here, cars will have to slow down and allow people to cross. This will be reducing the dangers of crossing the roads. Recently, there has been a road safety week at the school and I think it would be safer for everyone if there was a zebra crossing. There have also been some serious road accidents both near and far away from school. We think that this road area could be a serious option for the place.

As this concern has been brought to our eyes, all of the pupils would appreciate to have a safer road. As being part of the school parliament, it is our responsibility to make sure that all students are safe and get the education they deserve while on school property.

Maybe we could close the road during school times to reduce traffic accidents. During school hours, the road could be closed off and opened again when they end.

As we conclude this letter, we would like to thank you for helping us, this will be a favor that the entire school will make unforgettable.

Sincerely,

The Eversley parliament (**Sam, Eric and Mahdi**)
