

EVERSLEY PRIMARY SCHOOL

GOVERNORS ANNUAL STATEMENT 2021/22

Governors are volunteers who work with the school to:

- Agree and champion the school's vision and strategy
- Help to ensure that children make excellent progress by holding the leadership team to account for the performance of the school and performance management of staff.
- Help to ensure that the school's money is well spent. This annual statement describes how we will do this for academic year 21/22.

HOW WE OPERATE

Meetings and Committees

Due to the current COVID 19 situation meetings will take via Microsoft teams.

The full governing body meets 3 times a year. The focus of these meetings is to set the school's strategic vision and to oversee the work of the two committees: the Achievement Committee and Resources Committee.

The Achievement Committee meets 3 times a year. The role of this group is to hold the leadership team to account for the educational performance of the school.

The Resources Committee meets 3 times a year. They ensure the school's money is well spent and the environment is fit for learning.

The table below outlines governors' roles on these committees during the academic year 2021/22.

IT'S NOT JUST ABOUT MEETINGS!

In meetings, we support and challenge the school leadership team, look at data, work together to set priorities for children's learning, and agree priorities for how the school should allocate its resources.

This is in line with the Code of Conduct of the National Governance Association's three strategic functions.

- Establish strategic direction
- Ensure accountability
- Oversee financial performance

Governors often visit the school to observe how points raised in meetings are being actioned in school.
