

Measurement/Geometry/Statistics – I Can Statements

I can identify horizontal, vertical, perpendicular and parallel lines in relation to other lines.

--	--	--

I can identify whether angles are greater than or less than a right angle.

--	--	--

I know that 2 right angles make a half-turn, 3 make $\frac{3}{4}$ of a turn and 4 make a complete turn.

--	--	--

I can interpret data presented in many contexts.
(N/S guidance)

--	--	--

I can identify right angles.

--	--	--

I can use simple scales (e.g. 2,5,10 units per cm) in pictograms and bar charts.
(N/S guidance)

--	--	--

I can recognise angles as a property of shapes and associate angles with turning.

--	--	--

I can solve one step problems such as 'How many more? How many fewer?'

--	--	--

I can recognise and describe 3-D shapes in different orientations.

--	--	--

I can interpret and present data using tables.

--	--	--

I can make 3-D shapes using modelling materials.

--	--	--

I can interpret and present data using pictograms.

--	--	--

I can draw 2-D shapes.

--	--	--

I can interpret and present data using bar charts.

--	--	--

I can recognise and write the Roman numerals from I to XII.

--	--	--

I can tell and write the time from an analogue clock and 24- hour clock.

--	--	--

I can + and – amounts of money to give change using £ and p.

--	--	--

I can measure the perimeter of simple 2D shapes.

--	--	--

I can measure, compare, add and subtract volume/capacity (l/ml).

--	--	--

I can measure, compare, add and subtract mass (kg/g).

--	--	--

I can compare durations of events.

--	--	--

I can measure, compare, add and subtract lengths (m/cm/mm).

--	--	--

I know the number of seconds in a minute, number of days in each month, year and leap year.

--	--	--
