Boys Football

On Tuesday the Eversley boys football team kicked off their league campaign at Enfield Grammar School. Up first were George Spicer - the boys dominated the early exchanges and managed to make their pressure count after Alex went on a scintillating run past two defenders before playing a delightful through ball to Sami who finished brilliantly to give the team a 1-0 lead. The goal didn't change the pattern of the game and very shortly after the boys doubled their lead, some good play down the right between Zacki and Sami before the pass was threaded through to Alex who finished expertly to make it 2-0 at half time. In the second half Eversley continued to dominate and could've added to their tally but for some last ditch defending and excellent goalkeeping meant the team ran out comfortable 2-0 winners.

In their second game Eversley were up against Lavender, the early part of the game indicated that this was going to be a much tougher contest for the boys than their opening game. The team started brightly but fell behind to a majestic strike from the Lavender striker which flew past Louis and into the top corner. Eversley then took control and showed their attacking intent before half time but were unable to get back on level terms. The second half was dominated by the boys with Lucas' strike hitting the crossbar and some solid defending from the opposition prevented the boys from getting the equaliser. With the game poised at 1-0, Eversley were pushing hard for a goal until in the last minute Lavender counter attacked and doubled their lead and finished as 2-0 winners. The boys were very unfortunate to lose but can take great pride in their performance.

All the boys represented the school impeccably and showed great sportsmanship throughout.
