Netball Match

On Monday 11th October 2021, Eversley played their first netball matches of the season. We played two matches against St Andrew's and Vita et Pax at Merryhills Primary School. All our players were very excited and consequently performed brilliantly in both matches, only occasionally giving the ball away to the other team. We had some pure magic moments with Lillie and Ruhi scoring an amazing 6 goals in our first game against St Andrew's. At the other end of the court, St Andrew's struggled against our tough defensive duo Emilia and Matilda, only managing to score 1 goal. Our second match was more challenging, however we put up a great fight leaving the final score 4-2 to Vita et Pax. Our center court players really worked hard and supported both our attacking and defending ends of the court. Everyone involved in the games were still buzzing after the experience and are looking forward to training to improve, ready for the next games!

The chosen players of the match were Lillie and Emilia so a huge congratulations to them this week.

Cross Country

On Friday 8th October, five boys and five girls ran in the Year 5 and 6 borough Cross Country Championships at Forty Hall. The team arrived and had just enough time to get their bearings of the mile long track before the girls' race was due to start. From the very start, the girls all ran excellently with Aleyna maintaining a strong pace from start to finish claiming a bronze medal by finishing in 3rd place. Marianne was not too far behind in 17th place, Kira in 56th, Orla in 60th and Rachel in 61st out of the best 115 runners in Enfield, which was a superb effort from all of them.

Next up was the boys' race. After showing real determination at the beginning to navigate the challenging hill, they were all in a good position entering the latter stages of the race. The boys came to the final stretch of the track and towards the finish line, Antonio was first through in 10th with Sam not too far behind in 26th, Dilan was next in 47th, Oscar in 54th and Jai completing his race in 77th out of over 100 other runners in the last race of the day.

The boys and girls can be so proud of their performances having showed the Eversley values of courage and determination throughout.
