

Geography

At Eversley Primary School we build on children's wide variety of experiences and use them to foster a curiosity about the world, to develop the ability to ask questions and argue rationally. We teach global learning through Geography to show similarities and differences of our world in comparison to others.

Our aim is for all children to leave Eversley Primary School being able recognise the importance of linking people's lives throughout the world and encourage critical examination of global issues and awareness of the impact that individuals can have on these.
