Key Knowledge

Money

- When people earn money, they use quite a lot of it to pay their bills but then they might have some left over.
- It is important that we think carefully about what we do with our money and that we keep track of what money we have.
- We might want to spend the money on lots of cheaper items, or save it up for something more expensive.
- It is important that we think about what we need first before we buy what we want.
- When we need or want something new, we can go shopping. We can do this on the internet or by visiting a shop.
- Some shops sell a range of different things such as a supermarket, others sell one type of product such as a toy shop.

The world around us

- We all have a responsibility to look after the world around us.
- If we work together and all play our part, we can live happily together.
- The choices we make can have a big impact on others.
- Choices such as recycling, switching off lights and plugs when we leave a room, turning the tap off when brushing our teeth can have a positive effect on the world we live in.
- People around the world live in different environments. The environment they live in affects how they live their daily life.
- It is important that we understand different environments and the needs of the people living there so that we can help them if needed.

Key vocabulary

Spelling
