Elements of art

Form

Key Vocabulary	
Ceramics	Things made from clay which are hardened using heat (usually in a kiln)
Form	Three dimensional shapes in art
Found objects	Objects (not considered art materials) being used to make art
Organic shape	Irregular natural shapes
Scale	The size of an art work
Sculpture	Three dimensional art made by carving, modelling, casting or constructing
Typography	The art of designing and arranging letters to make them look appealing
Constructing	Using techniques like folding, stitching, tying, weaving and balancing to join materials together to make art

Key Knowledge

Form: Simple 3D forms can be made by creating layers, by folding and rolling materials

Artists

Magdelene Odundo 	Barbara Hepworth
Jaume Plensa 	Sokari Douglas Camp
	El Anatsui

Carving

Hard materials such as wood or stone can be carved to change their shape. Cut or scrape away pieces of the material to make a sculpture.

Modelling

Soft materials such as clay or wire can be shaped by hand to make sculptures.

Found objects

Materials not usually thought of as art materials, can be used to make sculptures e.g. scrap metals; old toys; furniture

Modelling with wire

Bend to form shapes

Twist or fold over to join

Make loops to add detail

Planning sculpture

Sculptors draw to help them to visualise the finished sculpture

Constructing

- Layering recycled materials to look like weaving
- Cutting, tearing and overlapping shapes
- Creating pattern and contrast
